WHEN TREES FALL SILENT

Home, Sweet Home -
what a beautiful view!

But as our community grows,
nature starts to disappear.

WHEN TREES FALL SILENT

We can save the future! Think Globally! Act Locally!

We set fires- and suffer consequences.

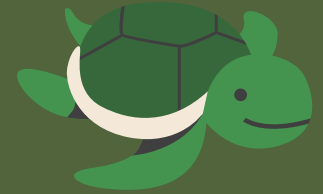

We chop trees for profit, stealing life from the planet.

WHEN TREES FALL SILENT

We can save the future! Think Globally! Act Locally!

Nature's wealth is
disappearing...

Don't let thirst define
our future!

WHEN TREES FALL SILENT

A little person like you can make big changes!

Together, we can fight
the flames...

grow hope, one tree at a time.

WHEN TREES FALL SILENT

A little person like you can make big changes!

As trees fall, so does our future.
Let's stop it before it's too late!

Community power-we are
stronger together. Unite to save
our home!

THE END

Be the change. Protect what matters.
